Frauds to a large extent are alleged to have been discovered and perpetrated by a New Jersey Bank, the name of which is withheld for the present, to further the ends of justice.

These frauds are stated to have been perpetrated by the issuing bogus certificates of deposit which were used in purchasing goods by the complices of the bank. Several parties throughout the country, it is alleged, have been defrauded of large sums in this manner.

IMPORTS OF DRY GOODS. The imports of dry goods at the port of New York for the fiscal year ending June 30th, were as follows:

	1864-5.	1863-4.
Wares of Wool	2,211,875	\$57,175
Do of Cotton	6,738,362	26,116
Do of Silk	9,110,638	25,136
Do of Flax	2,882,265	21,361
Misc. Dry Goods	2,864,265	7,336
Total Imports	\$49,453,939	\$137,695

It will be seen from the above table that

The total receipts have reached the enormous figure of \$137,000,000, which is \$30,000,000 in excess of the heaviest year in the history of the past; the receipts for 1860, the largest year, having been \$107,000,000. It is on the foreign gold valuation, it must be remembered.

Gov. Hamilton of Texas, who with the loyal Southern men has issued a call for a convention of the Union men at Washington in September, calls the Philadelphia convention "another rebel invasion of the North, to form an alliance with the Democratic party for the reinstatement of rebel leaders in their former political positions to the utter exclusion of the Union men who have been persecuted, oppressed, and injured for the last few years."

Company, under date of Dec. 6th, in the person of the writer telling us he's to sleep but for doctors with nothing to keep him from sleeping. He says he's sleeping tonight. Many a night he has to pass on a log, sledging with no covering but the dark blue plaid sky with a temperature ranging from 20 to 80 degrees below zero. All this while he and the hungriest and most ferocious of bears would be in fearful proximity, licking their lips as if longing to breakfast off him. He is so afraid of the bears that he is so afraid to intrude on the world of the bears that he is so afraid to take with him the most terrible snowstorms, causing them to lose their way, and to wander about for days with their howls in the huge drifts. At all times provisions would give out, thus threatening them with death in the form of famine.

The whole of north-eastern Siberia consists of what is known in Kamchatka as "chudovudze"—he most dreary wastes that can be imagined. For hundreds of miles, sometimes the only thing that grows is a few mosses and lichens. There is a whole of grass—nothing but moss, which sometimes covers the ground to the depth of four or five feet. In summer, the moss holds water and the water is so spiced, that if you were to plant a tree in it, it would die, and unless helped out, we suppose he would disappear entirely.

Thirty-Ninth Congress.

WASHINGTON, July 13.
SENATE.

The Niagara Ship Canal bill was taken up for the motion by Mr. Morgan, to postpone the bill until December.

A discussion took place in which Messrs. Tremain, Harter, Hendricks and others participated.

After a long debate, which branched into politics, the Niagara Canal bill was postponed until December.

A bill was introduced by Mr. Willey, providing for restoring the rebel States to full political rights in the Union. Ordered to be printed.

A bill passed suspending the collection of revenue taxes from persons burned out in Portland, from July 1st until the close of the next session of Congress.

The Northern Pacific Railroad bill was taken up but not considered.

The Senate then went into Executive session.

Adjourned.

HOUSE.

The District of Columbia committee reported back the House bill to incorporate the National Soldiers and Sailors' Asylum Home, which was passed.

Mr. Woodbridge introduced bills for the relief of John A. Latta, and referred to the banking committee.

He authorized the Internal Revenue Commissioners to suspend the collection of duties on excise goods or liquors, from Oct. 18, 1864, until Feb. 1, 1865.

The House then went into a committee of the whole, Mr. Raymond in the chair, and proceeded to the consideration of the bill making appropriation for sundry civil expenses of the Government for 1865.

On motion, the committee on commerce reported back the bill for the enlargement and repair of the Custom House and the Custom House Annex.

Mr. Raymond introduced a bill for the relief of John A. Latta, and referred to the banking committee.

Mr. Wilson of Iowa moved to strike out the paragraph appropriating \$200,000 for a new building for the currency printing bureau.

Rejected.

Mr. Raymond introduced an appropriation for the expense of preparing and publishing the statistical classification of the eighth census was struck out.

Mr. Lynch moved to add a paragraph appropriating \$200,000 for the purchase of land for a new building for the currency printing bureau.

Rejected.

LOCAL AND OTHER ITEMS.

To the Benevolent People of Bangor and Vicinity.

An earnest appeal comes to us from Portland for further aid for household goods, new clothing, for looking up friends, and for clothing of all descriptions; and in fact for all their needs, which thousands of persons who have lost all, and need it.

With a few noble souls to forward to the Portland sufferers your contributions, the proprietors of the Central Market House, have generously offered the use of a portion of the building, for the reception of the articles given, and the Maine Central Railroad Company and the proprietors of the Portland line of boats have volunteered to transport the articles free of charge.

A full cargo of articles will be in constant attendance at the Market House to receive your contributions and forward them to the order of the Mayor of Portland. Whatever is done should be done quickly.

A. G. WARREN, Mayor.

Bangor July 13.

Our neighbors of the Times entirely disagree with three-fourths of the members of Congress when he assumes and undertakes to show by inference from the Constitution that the President has power to decide alone the rebel States are at peace and entitled to resume their powers and privileges in the Union without consulting Congress.

Congress thinks that something is to be said in the matter, and the Union party thinks too. The Times now definitely takes up its position against the claim which Congress asserts.

APPROPRIATIONS FOR CUSTOM HOUSES.

An appropriation of \$30,000 passed the House yesterday for the alteration and enlargement of the Custom House, Portland and U. S. Court room in this city.

PACIFIC COASTERS. Yesterday morning, Officer Easton arrested in this city two men named Jack Williams and William Henry Welch, aged about twenty years, charged with stealing a day's wages, from a Mr. Johnson, of Leeds, the sum of \$400.

About \$100 of the amount was discovered on their person when arrested. Prior to this the Williams boy had stolen a gold watch from his adopted mother, and disposed of it for the sum of four dollars.

Before this time he had paid a shrewd game on one of our butchers, ordering for several successive days, before the trick was discovered, a whole lamb for the use of the family with which he resided, and taking it away and selling to other parties at a discount.

The afternoon service at the Free Will Baptist Church will take place on Saturday morning, July 13th, at 10 o'clock P. M. instead of the usual hour as heretofore.

Preaching by Rev. Mr. Stone.

New Refrigerators. Sealed proposals will be received by the Board of Public Works, for building a brick and cement structure near the Hatch House, of 50,000 gallons capacity.

The lecture of Hon. George Kent at City Hall Thursday evening, netted about \$30, which will be forwarded to the Portland sufferers.

Alfred Kleizer, of Hudson, the young man who killed a valuable horse in that town recently by shooting an iron spike into him from a bow-gun, was examined in Police Court yesterday afternoon, and bound over in the sum of \$400 for his appearance at the next term of criminal court.

The Chamber of Commerce yesterday evening last, presented a bill for the relief of the Portland sufferers, and the bill was passed.

We learn from the Chronicle that the house of Mr. M. M. Himes, of Temple, was destroyed by fire on Saturday last.

The 10th Maine Regiment, commanded by Colonel Brig. Gen. E. B. Murray, arrived in New York Sunday morning last, having been mustered out at Charleston, S. C. July 4th. They go to Harts Island to be discharged and paid, when they will be disbanded and return home.

Abundant showers and intensely hot weather have brought up the grass in a fair way, and the prospect is good for a full average crop.

Re-Built. We add to the list as follows: C. O. Clapp, perhaps the best of his fourteen stores burned; David Keiser, Barbour Block, Exchange street; St. John Smith, a block of five, at the corner of Church and Congress streets; buildings on Commercial street; Deering and Frohman's, two brick stores on Exchange St. Munsey's Block, eight stores, as to be rebuilt at once.

A. L. Leach's store, next to the Canal, will be rebuilt within thirty days, and as to twenty feet deeper than it was before.

It is owned by H. W. W. Thomas.

The City Government, building in Portland is to be rebuilt. The walls, and still standing, will save two hundred thousand dollars of the expense.

The Portland Chronicle says that a blind beggar was arrested in the town recently. He was seen looking into people's windows, and was supposed therefore to be one of the Bowdoinian bank robbers.

The Gardiner Journal says that the barn of Henry Moody of South Windset, was struck by lightning on Sunday last, and consumed. Loss about \$400. Mr. M. had taken out insurance a short time previous, as he could not afford to pay the tax. He and a girl were knocked senseless.

played on the railroad recognizing him as a man who was about the Liberator station on Wednesday. He was taken to the City Marshal's office and searched, and the diamond set found in his pocket. He confessed the crime. He says he was alone, and hails from New York.

On Tuesday a load of logs for a Gardner paper mill, on a car on the freight train, took fire from the locomotive and was totally destroyed. There were 80 hales upon the car.

Rev. Dr. Huntington, of Boston, was chosen Bishop of the Episcopal Church for the Diocese of Maine, as stated by a despatch of yesterday. Rev. Alex. Burgess, of Portland, brother of the late Bishop, was first chosen and declined. Dr. Huntington is one of the ablest divines in the country.

The new tariff bill has been postponed till the first Monday of December, by the Senate, by a vote of 23 to 16. It is doubtful whether it ever passes—certainly not without material modifications.

Quinn. The Bangor of this week says: We are very glad to learn, as we do by a second letter from Dr. Sparks of Bowdoin, that the statement published last week, of the burning of his house and the death of his two daughters by lightning while he and his wife were absent at the meeting of the Convention, is all a mistake. He received a telegram while at the Convention, and in some unaccountable way, for which we have no explanation, the above story was circulated.

Rockland has sent \$1200 to the Portland sufferers as the result of a small meeting. A general subscription is to be taken.

The old bank-house opposite the bank in Bangor, and a shop adjoining, were destroyed by fire on Monday last, as we learn from the Sentinel.

MASONRY. The new commandery of Knights Templar, which was recently organized in this city, was regularly installed, Tuesday evening, the 30th inst. by Edward P. Burnham, Esq. of Saco, Grand Captain General of the Grand Commandery. The following Sir Knights were elected and installed officers of the new commandery: Sir John E. B. Burnham, Esq. of Saco, Grand Captain General; Sir John E. B. Burnham, Esq. of Saco, Grand Captain General; Sir John E. B. Burnham, Esq. of Saco, Grand Captain General.

The little ship "Yankee Doodle," started from New York on Monday to cross the Atlantic. The ship's company consists of two men and a dog.

At Evansville, Ind., on the 10th, an intoxicated man was celebrating by shooting a pistol loaded with paper wads. In drunken sport he fired his pistol at a little girl. The wad happened to be a hard one and killed her.

ANOTHER DEATH BY LIGHTNING. We learn from the Bangor Gazette that Mr. John Labe, an old gentleman, seventy years of age, was instantly killed by a stroke of lightning, in his house in Walpole, on Sunday evening.

The Internal Revenue bill needs only the President's signature to make it a law. It repeals, and reduces taxes to the amount of at least \$100,000,000 per annum. When before was a Government able to reduce taxes a little more than a year after the close of a bloody, protracted and costly war?

The Graven version of the shocking of Mr. Jefferson Davis is denied by the authorities of the State prison, Davis himself. This one fact is perhaps the best test of the general character of Dr. Graven's work.—Tribune.

An Odd Fellow Hall, costing \$500,000, is to be erected in Cincinnati—the grandest building of the kind in the country. Twenty lodges will have their regular meetings therein.

The Albany Journal says the investigation into the conduct of Gen. Kilpatrick, Minister to Chili, shows that there is no truth in the shameful charges made by the newspapers against him.

The report that a white New England school-mistress had recently been married to a wealthy negro in Mobile was a foolish lie!

The office of the Boonsboro' (Md.) Odd Fellow, a strong Union paper, was attacked by a party of men led by one whom the paper stigmatizes as a rebel. A good deal of damage was done. The editor invites the assailants to another attack, promising them a warm reception.

A new meteor, the eighty-seventh of the group between Mars and Jupiter, was discovered on the night of the 10th of June, by Mr. M. R. Pogson, the government astronomer, at the Royal Observatory in Madrid.
